

From the Baltimore Patriot, 22d ult.  
LATER FROM EUROPE.

ARRIVAL OF THE CALEDONIA AT HALIFAX.  
The Steamer Caledonia, Capt. Leech, arrived at Halifax about seven o'clock on Thursday evening, and will be due at her wharf in Boston at an early hour on Saturday morning.

The Caledonia has 45 passengers for Boston, exclusive of 18 of the 42 survivors of the ill-fated barque Charles Bartlett, of Plymouth, Mass., Wm. Bartlett, master.

This vessel on Wednesday, 27th June, at half-past 3 o'clock P. M., about 700 miles to the westward of Cape Clear, was run down by the steam ship Europa, and sunk in three minutes, with 134 of her passengers and crew. The catastrophe occurred during a dense fog, and although the boats of the Europa were instantly lowered, and every possible assistance rendered, only 42 out of 176 souls were saved. The captain, mate, and ten of the crew are among the survivors.

The Europa is acquitted of all blame, not only by the survivors, but by the unanimous voice of the British press and public. A subscription of 352 pounds was promptly raised by the passengers of the Europa, to which the proprietors have added 20 pounds. They also offered to carry the whole of the survivors to Boston or New York free of all expense.

The Europa sustained no material damage by the collision.

The result of this week's business in Liverpool are highly satisfactory to almost every branch of trade.

The London and provisional markets in the absence of home supplies have been equally active.

**COTTON MARKET.**  
The operations of the week have not been so extensive as those of the last week, but the markets are firm, with a slight tendency, and actual advance of the price per lb. in the lower qualities of American. This week's transactions have reached 58,555 bales, of which 16,500 were taken on speculation, and 5000 for export. The American descriptions sold consist of 14,000 at 41c. to 54 1/2c; middling 43 1/2c; fair 44c; 22,000 bales New-Orleans at 33 1/2c to 44c; middling 43 1/2c; fair 44c; 14,000 Alabama and Mobile at 41 1/2c to 54c; middling 44c; fair 45c; and 500 Sea Island at 84 1/2c to 144c.

**POLITICAL.**  
And official bulletin has been issued by the Austrians, announcing that the Hungarians have been compelled to retire from Raab. They were said to have taken a route towards Acs, prior to the capture of Raab. Georgy, by declining to risk a battle at Raab, and retreating towards Gran, deceived the Austrians.

The Russians were under the necessity of leaving some 20,000 men before Comorn. Georgy, however, would never have abandoned Raab, except with the view of detaching a portion of his force against Pesthewich.

A rumor prevailed in the French Assembly, that the Hungarians had obtained an important advantage over the Russians, in the vicinity of Raab. The Russians are reported to have lost ten thousand men at Waum.

A conspiracy against the Prussian Government was discovered, and a desperate battle took place between the troops and insurgents on the 26th ult., in the vicinity of Carlsruhe and Magdeburg, in which the insurgents were defeated. Gen. Panneker had taken possession of Baden.

**WANTED.**  
In this District, on the 23d ult. by the Rev. H. Hurling, M. C. L. R. of Augusta, Geo. to Miss MARTHA PERMETER.  
Printer's fee received, a fine slice of Cake.

**OBITUARY.**  
Died, on the 22d ult., at the residence of R. P. Brunson in this District, Mr. AARON HOWARD, in the 29th year of his age.

The deceased was a native of Anderson District. He came to Edgefield District in 1846, in the capacity of School Teacher, which he followed, up to the time of his sickness, for eighteen months previous to his death he taught school in the neighborhood where he died. As a teacher, he was studious and attentive, as a friend, affectionate. To enlarge the dead is common, we have our faults, though Aaron Howard had but few, although he made no pretension to religion, he was a pattern for morals.

**Jew David.**  
With regard to the efficacy of JEW DAVID'S, or the HEBREW PLASTERS, nothing need be said, as they carry with them their own recommendation, and the price being so remarkably low, is a sufficient inducement for those afflicted to give them a trial. The agent is confident that by the great and increasing demand for these Plasters, the popularity which they have obtained solely by their own merits, and the universal satisfaction which they have given, that they are decidedly superior to any other in use. See advertisement in another column.

The genuine are for sale by JOHN D. CHASE, Edgefield, C. H. August 1, 1849. 1m 23
